

Special Economic Zone & Industrial Estate

I-SENTRA @LAMONGAN Smart Eco Industrial Park

► Project Description

i-Sentra @ Lamongan designed as a Smart-Eco Industrial Park, represents a forward-thinking approach to industrial development.

- Proximity to a deep-sea world class port
- Fully-service and plug-in utilities: connected to renewable electrical supply, water supply, sewage treatment plant and telco broadband
- Designed to accommodate environmental-friendly industries & support SDG programs
- Vicinity connection to the planned future toll road
- Availability of competitive skilled labor across East Java
- Located on elevated grounds, risk of flooding at i-Sentra is mitigated
- Soil conditions in i-Sentra are found to be good and may translate to lower construction costs and carbon footprint
- One Stop Service for Investment Licensing
